

JEE  
- here he comes

She desires  
to crack  
the NEET

NDA  
is his passion

SCHOOLING EDGE MAKES THEIR DREAMS THEIR FUTURE

**Schooling Edge** is into school students' training for more than two decades. Our innovative way of approaching the students and analyzing their skill-set to provide the best possible personal learning experience has helped us throughout this successful journey.

One-on-One approach, regular tests and performance analysis create a whole new level of connection between the students and the faculty team.

Our purely concept based study materials also play a prominent role in making it happen. We believe regular practice under our experienced faculty team helps students keep up with the competitive exam syllabus like never before.

- One Year JEE Regular Course
- Two Year JEE Weekend Course
- JEE – Repeaters Course

Well-equipped classroom, result oriented training by experts in the field of entrance coaching, exposure to maximum MCQ based on course duration with regulation of difficulty levels of questions.

## **CA FOUNDATION:**

CA Foundation or CPT (Common Proficiency Test) is an entry level exam conducted for enrolment for Chartered Accountancy Course by the Institute of Chartered Accountants of India. It is a mandatory examination to become an ICAI member.

Personalised coaching by our experienced teachers will help students clear CA Foundation.

## **NDA FOUNDATION:**

National Defence Academy Foundation is a preparatory course for NDA exams and designed particularly for school students. The course covers the depth and breadth of the school syllabus as well as the competitive NDA syllabus.

The aim of this course is to help the students gradually empower their skills to the level of defence written examinations as well as interviews. Our main objective is to raise students' level of knowledge and confidence, so that they will be able to achieve their ambition.

## **SAT**

SAT – Scholastic Aptitude test score is a critical criteria to get a competitive undergraduate admission in International Universities. Studies show that students from the age group of 17 to 19 are among the highest to attend SAT.

SAT examination is to evaluate the necessary knowledge to access and solve problems, and it requires sections such as critical reading, mathematics and writing.

Our smart study methods and diligent preparations helped students to get great SAT scores.

## **IELTS**

IELTS - International English Language Testing System is an English Language exam that is required to be taken by students who prefer International admissions in a country where English is the native language.

The exam mainly measures the ability of test-takers to communicate in the four basic English language skills – Listening, Speaking, Reading and Writing.

Our academic team selects a variety of interactive and appropriate preparation materials, past exam papers and a range of homework exercises to give students sufficient exam preparations which will get them high band scores.

Synchronisation of our programmes with formal school education saves time and avoid duplication of efforts of the students.

Our training success formulas empowered private schools with unmatched admission growth.
